

# JavaScript For Loop

คำสั่งวน loop ของภาษา JavaScript และใช้ loop For

และใช้ w3schools.com ในการ run ทดสอบ

```
<!DOCTYPE html>
```

```
<html>
```

```
<body>
```

```
<h2>JavaScript For Loop</h2>
```

```
<p id="demo"></p>
```

```
<script>
```

```
var cars = ["BMW", "Volvo", "Saab", "Ford", "Fiat", "Audi"];
```

```
var text = "";
```

```
var i;
```

```
for (i = 0; i < cars.length; i++) {
```

```
    text += cars[i] + "<br>";
```

```
}
```

```
document.getElementById("demo").innerHTML = text;
```

```
</script>
```

```
</body>
```

```
</html>
```
